A Short Introduction to Working With Data in R

Jonathan Whiteley

2023-08-24

Prerequisites

- Access to a copy of the **R** software

  - ▶ i.e., a "binary executable"

  - ▶ Go to *www.r-project.org* to get a copy,
    or ask your system administrator.

- Knowledge of common mathematical operations: arithmetic,
  logarithms, etc.

- Knowledge of basic R concepts, such as *variables*, *objects*, *operators*,
  functions, etc.

  - ▶ This is covered in the first workshop: "A Gentle Introduction to R"
